In our work in Bolivia have the opportunity to serve the Church wherever it is working FHB. In this week we had visited and served the Baptist church in Torotoro of Potosi.

This church has many years of service in this region of the country and reaching out to various communities with the gospel message, but at this time has been the need for renewal in terms of vision and new strategies for community service has many needs.

For this reason training has been carried out to leaders and members of the church with issues of Integral Ministry and the Role of the Church in the Community. This event was attended by the brothers who are interested in serving God and neighbor according to God's intentions for all carriers from the community.

Javier and Zulema Ticona are a couple with great enthusiasm that are working in this region and have great challenges but also great dreams for the expansion of the Kingdom of God in this region.

Prayer for:

- Grace of God for the Quechua language learning Javier and Zulema.
- For good health for Zulema is in length of gestation of a baby.
- Wisdom of God to work with the church and community.

The results of this activity were:

- Relationship with church leaders and ministry of the North Potosi of Bolivia.
