

MINISTRY STORIES

SEED PROJECT "IGLESIA DEL NAZARENO" ZONA BAUTISTA SAAVEDRA

Ministry type: SERVICE AND COMMUNITY EVANGELISM
Area of impact: PHYSICAL AND SPIRITUAL
Country: EL ALTO / BOLIVIA
Report source: Marcelo Lazo mlazo@fh.org

As part of the Building of Churches in Bolivia, the pastors and leaders of the participating churches plan and implement actions directed towards their community service in different areas of need.

The pastors and leaders of The Church of the Nazarene planned a seed project aimed to give a comprehensive service to their community.

The church gave the children and families in the community the following services:

- General Medicine
- Dental Cure
- Hairdressing
- Evangelism and social recreation

Those who received this care were children, youth, men and women of the community and the church, approximately 50 people. The service was offered free to all who accepted the invitation.

Those who served were leaders and members of the church with the support of Christian doctors.

Most of the resources came from the local resources of the church and a small part of doctors. After people received the service of the church also heard the Word of God.

The biblical foundation that took the church leaders for this activity was: Mark 6:55 and 56.

The immediate results of the project were:

- Strengthening the Relationship with community residents.
- The residents responded with gratitude to the service offered by the church.
- Satisfaction of the church to serve their community.
