

Single Mothers Project in DR Congo

Praise God for the project of the single mothers. We got the money to cover the first step of this project. Twenty of those single mothers will begin the first session.

Mary and Thethe will be their teachers. Those two ladies were trained by us from the local church where Martin is pastor (Martin is one of our trainers) and now those two ladies are able to help others.

This is the house we will use for them to be trained in the neighbor village of Harvest Village.

Thanks and Praise God for those who prayed and for those who financial helped for this project. We still need all of you for the second step.
