

Story

W/o Zenebch Yesuf, 80 years old, is one of the poor elderly woman supported by our church on a monthly basis. She lives in Kirkos Sub City, Kebele 10. She used to make her living by washing clothes and working in different homes. She was not able to do this labor work as her age progresses and becomes increasingly weak. Therefore she was forced to go without food. Sometimes the neighbors provide her with food since she did not have husband, children or close relatives. So our church started supporting her with food and some amount of money. Even we have reconstructed her house. Currently, she is very happy thankful and continually praise the Lord. Even, she witness about the good work to her neighbors.
