Story

(Title): Dahil Mahal Kita (Because I Love You)

Ministry type: VC Seed Project

Area of impact: Physical / Social

Country: Philippines

Approx Date: April

Report Source: Nonoy doneesuarz@hotmail.com

The seminar was supposed to be attended by the pastoral movement among pastors in the tree islands and several churches in the neighboring province. It was due to a supposed typhoon that only three churches attended.

The church where the Vision conference was held had just undergone trials due to church split. Many members and leaders especially the pastor was very discouraged. To make things right, Nonoy encouraged all members to forgive and bless those who sinned against them. He also encouraged them not to talk about the issue anymore.

Toward the end of the seminar, Seed Project was introduced and implemented. Each group decided to come up with their own according the need of their communities. The first group decided for clean up, the second one a livelihood project, a third group decide to visit sick people outside the church, the fourth sweet potato making, and the last one, planting seeds for tree planting and community beautification.

In less than a month those seed projects were implemented. The pastor of the one of the congregations came to place of Nonoy. He visited Nonoy in Manila just to give his appreciation. Incidentally, Nonoy then was attending Harvest Conference in Arizona. According to the Pastor, with so many seminars he had attended in the past, this is the first time that the seminar resulted to a tremendous blessing. The seminar resulted not only healing to the church, but they reap blessings after another from the people of community because of the Seed Projects. They reap countless of blessings because they sowed the seed of good work to their community, and demonstrated the love of God to their neighbors. They even received a generator for the church because there is no electricity in that village.
