

MINISTRY STORIES

Testimony from Cristopher

Ministry type	Testimony
Area of impact	Spiritual
Country	Rwanda
Approx. date	May 2010
Report source	Simon Nziramakenga, skenga@hotmail.com

Before 2002 when I start to teach Samaritan Strategy Program, I was a heavenly christian separated into two parts. I was a pastor who preached repentance and acceptance of Jesus Christ as Lord and Savior. then for well being a good disciple of him you could understand that the World and all the people who love it like Politicians, Business men or women, Soldiers and others will perish with it. I was ready to die for this perspectives with my followers!
After I have got the Samaritan Strategy Program a lot things have been changed in my life, my family, and my community too!

In My life; I realized that God had given me the mission to treat well my body, which is differently with how I did. I understand that Christ had sent me in the World as his Disciple to care about anyone or anything in need like the Good Samaritan had done to that man in Luke 10:25-37. I decided to educate my Family to the high level, now my wife is in University study Hotel management. I also help many people advanced in age to restart their studies and prepare themselves to be in the market in their better future.

My teachings changed; I taught in Conferences, in the Church and trainings the Christians to know that they are responsible to all the World's problems with Jesus they will respond them. The way I have been seen the World is totally different with how I see it to day. I mobilize Christians to demonstrate God's Intention to broken World and make it beautiful in his glory.

When I started a Church at Kagarama Sector, I found that many Children didn't go to school because their parents hadn't have the need money to pay the school fees for them in. So I called the local leaders and shared with them how the problem is in the habitats of that area then I told them that ***I can start the nursery school for those kids*** and organize teachers to help them with the accessible amount of money. Anthill now this school remain and help 11 Children each year the name is Good Orientation nursery school of Kagarama.

Since last Year I rise-up the ***few rabbits for intention to help 40 families to do the same in their homes; now in Kagarama Sector of Kicukiro District 3/10 rising rabbits and they plan to help other too.***

Nowadays I plan to learn Mass Communication or Journalism fro being a benefit to many churches in the World, and organize more conferences and debate with ***different people from more sectors to contribute in tangible way in wholitic development without any segregation.***

May the Lord our God bless Pastor Simon who mentored in this program and Bob Mofft and Darrow miller the author this very rich materials which absolutely bless the world.
