Participants' comments

They all appreciated our program and demonstrated a big need of being more trained with their lay Leaders the whole content and give some of them TOT program for more benefit of their Church members next year.

They said that they didn't know if there should play a great role of balanced development spiritually, socially, physically and wisdom aspects. From then they understood that the Church is the unique institute of God which is in the earth for integral development.

They promised that they are going to make their local Churches the wholistic ones.

From Romans 8: 19-23

The were amazed to hard that the all creation will be liberated from their slaves of doing wrongly while they saw the glory of sons of God; which is Demonstration of God's love to his creatures.
