

## Thanks and Prayer Requests

We went into a retreat with the Harvest team to take a time to evaluate our work in two areas: Administration and Mentoring. Praise God for the three days we took outside the town of Kinshasa in a Roman Catholic monastery. All of us were very happy to spend this time discussing together.

Praise God, we were also able to give some educational stationery to more than 190 children in the area of Harvest Village as our discipline of love.

Please pray for us, because Esther is leaving this Saturday for her leg treatment in Belgium. Thank God for your prayer and for financial help. May God bless you all!

Buingo & Esther
