

Thanks and Prayer Request

Praise the Lord for Christmas day. People around us and especial children neighbors came to our house to share together the word of God and food. You can see Esther showing food.

31 December another group of eleven young people came to our house again to spend the whole night singing, praying together and sharing testimonies.

Praise God for the provision from Him. We worked to fix the roof of our house. Today the roof don't leak this allowed us to have a good time to glorify and praise God the whole night.

We thank God also for the acceptance of Martin as an associate staff of Harvest in DR Congo.

This last year two of our donors passed away, we need your pray for their families and for us.

Need of prayer for the regional mentoring we plan to have this January with 45 participants from everywhere.

Pray for planning of this year. We are planning to cover all the country, to go to Centre Africa Republic, Gabon and Chad for Vision Conference and Train of trainers.

Pray for those who are supporting us to accomplish this ministry.

Thank you all!

Buingo and Esther
