[Harvest Foundation](#) : is at work around the world helping local churches to both preach the Gospel and do acts of compassion and love.

One of our prayer partners for the Foundation, Jeff Sikabwe, works with Harvest Foundation in the Congo. In a semi-annual report, Jeff says that during the first half of the year they conducted training for nearly 200 individuals, mentored 57, and were engaged in many practical acts of what they

call "Seed Projects" or acts of providing practical aid to those in need. They also saw the further development of basic teaching curriculum, recruited additional volunteer pastors, and improved their administration.

Jeff's greatest needs seem to revolve around the need to generate additional funding for familial and ministerial use.

Pray for Jeff Sikabwe and his work with Harvest Foundation in the Congo. Pray that their vision casting and follow-up training would flourish and that those they mentor would become fruit-bearing, disciple- makers. Pray that God would provide for Jeff and his family and for the many needs of the community through acts of love and kindness.
