

Thanksgiving

- *A celebration of Youth Week was held with an invitation to 3 different churches, one church each night for 3 nights. There was preaching and worship of God. Afterwards there were refreshments and a recognition of the invited church with a special card which a printed Bible verse.*
- *Summer Bible school was held for 3 days. We gave Bible lessons and distributed notebooks, pencils, and pencil sharpeners to the children. We also served refreshments. There was a total attendance of 347 children.*
- *The front of the church was painted and we decorated the interior with new curtains.*
- *Evangelism was carried out in the community. We distributed 400 tracts, visited 30 homes and preached at 3 points in the community.*
- *For the project "Eating Well in Times of Scarcity" we distributed 22 bags of food and supplies to 22 families--11 families from the church and 11 families from the community. The assistance was greatly appreciated.*

Concerns:

- *Pray for the return of Massiel to the church. He is currently not attending.*
- *Pray that God would eradicate the illness dengue fever from the country, especially in Santiago. Many children and adults have been infected by this disease.*
- *Pray for the Week of the Women that will be celebrated in October that women will be encouraged in their walk of faith.*
- *Pray for the economy in the country that God would improve the economic situation.*
- *Continue to pray for Octavio as he works on formulating projects that encompass the vision he has for the church and community and for the food distribution project that the church desires to carry out again as a ministry in their community. There will be another phase of food distribution in the upcoming month.*

*If God leads you to make a contribution toward Octavio's small business, the ministry of the church, or repair of homes in the community please designate the gift for the **Los Minas** account and note a specific ministry if you desire. Harvest will send you a receipt for your tax-deductible gift. The address for Harvest is:*
