

Harvest, Ghana. West Africa

Dearly Beloved,

“Let no debt remain outstanding, except the continuing debt to love one another, for he who loves his fellowman has fulfilled the law.” Romans 13:8.

Our goal for this year is to continue to do Vision Conferences and focus the more in the training and equipping our teams across the West Africa region through mentoring and training of trainers programs. With this focus, God has been good to us for the past months.

1. Pastors and Church Leaders Conference in Parakou, Benin. Mercy Ships Collaboration.

This conference was attended by 280 pastors and church leaders which was the first in this northern city of Benin. Wholistic Transformation is realized when the roots of our culture are impacted with the biblical truth and with this Vodoo country, this conference was the first to deal with the cultural lies in the society.

2. West Africa-First Regional Mentoring Program

We had our first regional mentoring program in Accra. This annual program have put together to get small group of leaders who have gone through our training program and who have caught the wholistic transformational vision and mission and have the heart and passion to train others to be God’s agents of transformation in their communities and nations. The period was devoted for prayers, fellowship, sharing of life experiences and in-depth study of our materials and micros teachings. It was very successful and fruitful. Eight participants from Mali, Burkina Faso, Ivory Coast, Nigeria and Ghana attended.

3. Cape Coast Vision Conference

This conference was attended by 31 pastors and church leaders. It was our first vision conference in the central regional capital of Ghana. A regional team has been formed with over ten members. An apostle exclaimed, “I have been busy building my denomination, now I know, I will be busy building the Kingdom of God on earth.”

4. Wholistic Campus Ministry Retreat

This retreat was poorly attended due to the bad weather and rains, only four leaders attended. However, very fruitful discussions were held and a new date has been fixed before colleges re-open in August.

Discipline of Love

With Adjoa (my wife) we helped a very poor widow with \$150. Her daughter who is in her final year in a high was sacked from school because she could not pay her fees. For three days, they had no food. Now, the daughter has been able to write her final examination and they have started a small business with part of this money which will give them some income and food each day. Praise God!
