Teaching/Training

We thank God for the month of February 2011. We once again saw the mighty hand of our Lord and savior Jesus Christ in our life and our ministry. This is what we did by the grace of God during last month:

Vision Conference follow up meeting. The Last 2nd February, we had the follow up meeting of Lome vision conference of 30th November to 3rd December of this year. Very few participants were present, either 15 persons over 50 participants. But all of them shared what he learnt with some people; even a Pastor brought one of his disciples at the meeting. They shared also their seed project; only they didn't give their seed project report. We asked them to send to us the story they shared with us.

Training for youth of Amadahome. After six months without training, we began again training for youth of Amadahome about Wholistic development. We planned for a meeting per month, especially every first Tuesday of month. They were 18 youth at that meeting; and the target of this training is their transformation. They were very excited to start again the training.

Training for youth of Kodome. We also continued the training with youth of Kodome still concerning Wholistic development. We especially brought them to how they can involve themselves as youth in God's service. They were 34 youth with 10 new comers who used to attend the meeting from the beginning of this year.

Training for villages' missionaries. After some months without training, we began again the training with villages' missionaries. They were 17 who used to attend the training concerning Wholistic development.

We started from where we stopped last year, we mean Jesus, our model for development and service. We also plan to plant a new Church in Aneho, a town located at 50 km from Lome, going to Benin Republic.

Bible study in groups in MESA Church. We continued the Irreducible Minimum as bible study in **Local Church Ministry Training Manual** with MESA church of Kodome. We reminded that the study has been done every Friday evening from 6'45 to 7'45 in three French speaking groups and three Ewe language speaking groups. Those who are regular are around a total of 130 participants in every meeting.

Praises and prayer requests

Praises. Since we started the bible study, wonderful testimonies about demonstration of love or discipline of love were regularly given by those who use to participate to the studies. You can really see and feel transformation in lives in the Church and we thank God for that.

Youth of Kodome had decided themselves to do collection in each of their meeting to support the work of God.

Prayer requests.

Pray for my family especially for our two boys, Triomphe and Othniel for their live and school studies.

Continue to pray for my father and his salvation.

Pray also for my country Togo which is now in construction (many roads in Lome and inside the country are many buildings coming up).

Many people also gave their lives to Jesus through Evangelist Reinhad Bonnke crusade. Pray for us that we can do the follow-up.
