July 14, 2011

“Our sufficiency is from God.” 2Corinthians 3:5.

Teaching/Training:

1. In partnership with Mercy Ships, we had the third pastors and Church leaders conference in Makeni, Sierra Leone which ended very successfully with over 240 leaders participating. We had the opportunity of being interviewed on the local Radio Maria for thirty minutes on arrival on the theme “Partnership in Wholistic Ministry. Participants whole heartedly embraced the Biblical Worldview and Wholistic message and they started their obedience by practically implementing the actions of discipline of love. Over six people shared how hurts have been healed with reconciliations and sharing with others the little things they have. For a country which has gone through war with various amputations of limbs, this is great and I praise God for it. A regional team has been formed to do a follow up to take responsibility to disseminate the wholistic message to other districts and areas of Makeni.

Group discussions during the conference.

Mercy Ship-I was very welcomed on the Ship this 2nd time.

2. The African Forum on Religion and Governance (AFREG) Ghana, brought together very key top Christian leaders across the various denominations for a four day conference on the theme “State-Church Partnership in National Transformation. For the first time, I saw almost all the Church Presidents, Founders, Moderators, Chairpersons, individuals with all the religious titles from almost all that matter as far as the Church in Ghana is concerned, together for this strategic forum. Carefully selected speakers were picked from various background and different countries to speak on various topics. Some of the topics discussed included: Transformational Servant Leadership in Ghana Development, The Role of the Church in the Economic history of Ghana, Christian Responsibility and Politics, The Church and Social Transformation, Ethics and Integrity in Public office In Ghana, State-Church Partnership in Social, Cultural and Economic Development, Nurturing the Youth for Positive Contribution and Political Tolerance-Managing our Differences. In the mist all these high profile church and government leaders including former presidents, I was privileged to be the chairman for the Group discussions on the various topics. It was indeed a great encouragement to see all the Churches working together and I praise God and continue to pray that it will continue.
3. Our radio program “Transformation Time” on the national radio is still making huge impact on the Ghanaian public. Last month, we discussed “Discipling the Nations”.

Goals: Our goal is to continue to expand the wholistic transformational vision and mission in Ghana and West Africa. This we continue to do through the duplication process of the Wholistic community leaders training program, Training of Trainers and Mentoring programs and putting our materials in some University curriculums. Please do pray for our Vision Conferences in Guinea Conakry from the November 28 to December 02.

Praises and prayer requests

1. I am currently in Koforidua, the Eastern Regional capital for the second Transformational Conference with the Ghana Pentecostal and Charismatic Churches. Kindly pray for us as we start tomorrow and end of Friday.
2. Pray for our Ghana Vision Conference in Accra next month.
3. Pray for us, our wholistic generational community leaders training program was postponed from last month to next month.
4. Please do pray for our radio program. Even though it is making huge impact on the hearing public, we may be compelled to stop broadcast at the end of next month for lack of support.
5. Praise God, all the children are at home for vacation, an exciting time,
6. Finally, continue to pray for my car. I am still waiting for the Lord's provision.

Thanks for your kind partnership. God richly bless you.

Sincerely Yours,

Chris & Adjoa Ampadu
