“I will sing praises to Your name forever, that I may daily perform my vows.” Psalm 61:8.

Teaching/Training: GPCC Collaboration

The second Transformational Conference with the Ghana Pentecostal and Charismatic Churches (GPCC) came on in Koforidua, the Eastern regional capital. Fifty two (52) pastors participated from 27 local churches. The impact was huge since for most of the pastors, it is the first time they are being exposed to the wholistic transformational message. One Assemblies of God pastor retorted “Indeed, this is the message, when applied can result in the transformation of the nations”. A regional team has been put together and has started planning for a follow up and a Vision Conference.

Visit by Cherry Creek Presbyterian women to HODEM

Our partner Church, Hour of Deliverance Ministry (HODEM), had the privilege of hosting a group of women from Cherry Creek Presbyterian Church, Denver, a church we also partner with. The senior pastor Rev. Victor Owiredu is a member of our team and an excellent trainer of wholistic ministry. Together with the women from Cherry Creek, the Church had their national women convention and I had the opportunity of being part of it, teaching in one of their evening sessions. One interesting thing that happened was when my family hosted a dinner for our sisters from Cherry Creek and our ladies of the Wholistic club. It was a real experience for both women groups as they lovely shared experiences in ministry and life. The Wholistic Club ladies, gladly shared how they were impacting women, children and the community of Pokuase through the demonstration of God’s love. Both shared jokes, songs and friendship as they eat together. It was a lovely fellowship and we praise God for that.

OTHERS

- a. Last month, I visited the Good Samaritan International School which was borne from a seed project in Katanka to give quality education to poor children in a rural community. With over 350 children, the school from this academic year will have children in the 9th grade. I was very impressed with the quality of Christian teachings being given to these children and I have decided that from this academic year, I

will spend 5 days with the teachers and the senior classes teaching them wholism and transformation as it is applied to life and society. I believe this will give them the necessary grounding before they leave for high school.

I also had the privilege of being invited as the preacher at Ofankor Presbyterian Church with a congregation of about 300 members. I spoke on growth and development using Jesus as our model from Luke 2:5. It was such a blessing. Praise God.
