

PRAY AND WORK

It is a great joy when we share the love of God in Christian relationship as a family of God. And it is greater when we see the genuine common interest and unity in the love and ministry of God.

A testimony of an experienced leader reveals the importance of wholistic teaching when it is also seen in life. *“If the pastors of the Methodist Church had preached such a wholistic message, the Methodist Church would not have splited”.*

Pastor Muana seen off at Des Moines airport

As a result of 30 days' ministry among over 30 people of friends in Des Moines there comes a rather strong sentimental love and desire even to have pastor Muana as their leader/pastor.

Overwhelmed with joy in heart upon hearing the teaching on wholistic discipleship at a brief Bible Study. *“This is so impressive and so refreshing”* said one, and *“This is the first time I ever heard such a peculiar teaching”*, said another one.

It is refreshing and encouraging when there is a privilege of meaningful meeting with friends with the same vision and spirit sharing common interests in the Lord's ministry. Here are two friends of Pastor Muana talking about future ministry of wholistic development (Eden Motel).

An informal discussion on youth development

Young pastors and leaders who have passion in youth and their wholistic development visiting Pastor Muana for future ministry among youth in Mandalay.

Under the dazzling rain, one thing echoing our heart is: "Lord, where would you like us to settle?"

It is not a burdent to suffer rain and cold while launching out in search of the most consistant place for the location of a self-reliance training center.

Friends and members from the Methodist and other Churches came and enjoyed receiving the Word of God and testimony at Pastor Muana's residence.

Joy overflowed when we were quickened by the living word of God "Bread and Word" shared with students of Myanmar Theological College.

Why do good parents have bad child? Implementation of wholistic development in a particular church is deeply rooted in the role of a father as spiritual parent in a given family.

A time of preaching on Fathers' Day (Deut 5:29).

Though it looks amazing to inaugurate revival meetings at the Wesley Methodist Church in Mandalay, in fact, it is an evidence of the faithfulness of God, who has allowed us see certain steps of changes in our traditional practices in the life and ministry of the Church.

A time of fellowship and refrehment with the principal and faculty of the Seminary.

Home Cell meeting at Pastor Muana's residence "Lord, give us revival starting from our home"
