Dear Good Wishers,

To put down what the Lord has done every month through our Ministry is our mutual pleasure. We rejoice in the Lord to serve with you as instruments to vehicle His best Intentions for the blessings of nations. Furthermore, we are glad to know that our Lord is faithful in all matters. He never fails in His plan and we do nothing good without Him. Our praise goes to Him, the Almighty God for what we were able to accomplish during our journey in August 2010. We also are grateful to God for your continued support, God bless you.

Accomplishment in August 2010

During the month of August 2010, God helped us to accomplish the following objectives:

- 1. Vision casting in Karangazi Nazarene local church (East of Rwanda)***
- 2. Vision conference with Kabarondo Presbyterian Church (East of Rwanda)***
- 3. Worldview and Wholistic ministry training with Youth with A Mission/Rwanda***
- 4. Follow up meeting with Akagera local churches.***
- 5. Mentorship program with Pastor Rose from Golgotha Victory church.***

Karangazi Nazarene

Church Dominic Rwampfizi played a bigger role during the Karangazi Nazarene church. He was the main speaker, I assisted him in Karangazi. I praise the Lord that He is using him in a mighty way. I used to lead but now he can lead and I working along as his assistant. It is really a

pleasure to see him motivated by so much Love for the Lord while performing the training work.

Kabarondo Presbyterian In

Kabarondo Presbyterian church, people didn't attend in a good way during our 2 first days. But before we finished with the training, they were urging us to repeat what we had taught before. They all asked us to come again for training and promised to attend the full conference with respect of time.

Madeleine, the pastor of Kabarondo Presbyterian had invited us for the training because she attended a Vision conference before and had seen how the materials would be of help to her church members. They are lazy and arguing people, very resistant to change, she said. After the training, we kept in contact with the Pastor. The testimony she is giving us is really tremendous. People have got a new vision of their role in the Church, they want to give more for the Church after they learned from the biblical examples of people who were poor but gave to the Lord. People with conflicts reconciliated to each other, and they are looking now to do more instead of arguing. Pastor Madeleine was overwhelmed by what is happening to her Church.

Youth With A Mission/Rwanda With

YWAM, I feel it's a very important blessing to train with younger generations. They are the important for today and still have the most of the chance for the change of the future of our nations. Youth With A Mission works more on the formation of character. The graduated from YWAM are expected to be hard working people and effective

leaders. My five days with them was very short. Students and staff from that campus enjoyed our training and witnessed on how they loved the materials. One of the staff (Mukarurangwa Dorcelle) appreciated the teaching and said the teaching was the first one she loved more and

every session was shorter than she expected. My desire is to have co-trainers from the YWAM staff in a near future, God willing. Pray for that!

Akagera local churches follow up We are so blessed to experience how God works in a mighty way using weak people. A five day training of teachers for Adult literacy classes has taken place in a very remote area. 15 people volunteered to teach their community to read, to write and to make properly the four basic operations in Math.

Mentorship Program Our plan is to have more trainers of Wholistic training materials in our region. During this month, we had the chance to meet and trained Pastor Rose from Golgotha Victory Church on the teaching methodology and techniques for our lesson's teaching.

Our Teaching plan for September, 2010

Teach a Vision Conference in Bujumbura: September 8-11, 2010

Teach the Foundation for Community Development with Youth With A Mission in Murogoro/Tanzania: September 27 through October 1, 2010

Prayer request

Please pray for safety during our travels. Pray for wisdom!
