Publications:

Here in our region it is not easy to train people if you don't have money for lunch or transports for them. After realizing this big challenge; I tried to change the strategy. I look at 10 Pastors and church leaders from the local area, and then I told them the importance of our materials in their local churches and community. Then we

debate how it is our duty to gain money if it is necessary. We talk also a big threat to all churches and pastors debate we come out to start an

Umurage Ministries (UM)

which will workout to initiate pastors and believers to work in cooperative or companies to establish a comfortable financial future as inheritance for them and their descendants. Through **UM** people are now willingly come for training and ready to follow the system and condition which is paying the fees of a card and start to save for building their future.

Kicukiro is becoming a permanent training area of ten days of each session, and soon Remera is the next one.

Network

UMURAGE MINISTRIES (U.M)

OUR MOTTOS IN GOD'S KINGDOM

Training, Saving, W.H.R.W, A.V.P, E.E.M

With Umurage Ministries now it is becoming our networking ministry in which we are canalizing our teaching and training. Every participant willingly decides to be a member of a program Iterambere Luke 2:52 or (PIL 2:52).

This program, 1 initiates members to be in the group of ten persons and save. 2 UM, has to motivate members to have a vision of a long run project and strong as an inheritance for a family which can start with the minimum of a capital from themselves, not a loan or support.

3 Work in cooperative or company.

4 The group engage their time to meet twice a month for revising the teachings and debate which work or project they will do after a year of savings.

5 Each member has as a condition to invite another one each month for being trained for mind transformation for holistic development.

Administration

I do a work of administration, planning, writing strategies, coordinating and managing this new system in which I hop that will be an answer for pastors and the church in our Region.
